

# TRADE UNION ORGANISING IN A PLATFORM ECONOMY

## FNV AND TUC

Invite you to participate in a side event about trade union organising in a platform economy. The rise of the platform economy in many cases leads to uncertain and deteriorating working and salary conditions. This workshop presents initiatives in different countries where workers in these platform economies have organised themselves and with support of trade unions have fought back to improve their conditions. To be held on Thursday 6th of December 12.30-14.00 pm.
