

Wage Equality

International Women's day 2017, Na'amat, the Histadrut's women movement, held an Internet campaign on the wage gap between women and men – that women get paid in wages one third less than men.

In the framework of the campaign, Na'amat produced a short video titled "How would you feel if one-third will be removed for you?"

Please find below a link to the video and the translation:

Translation of video:

How would you feel if one-third will be removed for you? | Na'amat | Women's Day 2017

We wanted to give men a little taste, how it feels to be a woman.

-Hi.

-Yes sir.

-Hi. A big tray.... black olives and...corn.

-Hello.

-Hi.

-I want a big pizza with olives, please.

-Please sit down and I'll serve it to you.

-Thanks buddy.

-Please. Bon appetite.

-What is this?

-What you asked for. Olives and corn.

-You removed a piece.

-Men receive one third less.

-I don't understand... What does that have to do with it?

-What...What did you do now? I ordered a whole pizza.

-This is yours...This one you wanted with toppings.

-What do you mean? Why...Isn't there a little bit missing here?

-So what if I'm a man? What, I don't need to receive a whole pizza like a woman?

-I don't order any two thirds!

-Please give me my money back!

-One third more, one third less...

-Forget it, no, no!

-What does that have to do with it!? I don't understand it. Do you understand that I can sue you?

-Why do I deserve...one third less pizza?

-I'll compensate you, ok? I'll give you a bottle of Coke. I'm taking care of a compensation for you. Please.

-This is your compensation? Two thirds Coke?

- (laughing)

-I'm not coming back here anymore.

-I'm sorry sir. I'm...I'm sorry sir.

-I'm also sorry.

-I will call my girlfriend... that she'll come to take it.

Israel 2017,
and women still earn one third less than men
